Dear Joy:

Does Rick and George have a 1-h-slot on Thursday/Friday next week for a presentation/discussion of my guidance document? An earlier meeting would be less efficient, because I need the 2 or 3 days at the beginning of next week for consolidation with George, the coordinators and colleagues.

Please let me know whether this works or propose different arrangements.

Thank you for your help,
Wolf

Joy,

Please check with Wolf and George as to see what date (THIS month!!) you can schedule a meeting for them to present the new product development guidance to me. This is important.

thanks
